HELP!

Our mailing list is out of control. Our list contains the names of 466 shooters in all disciplines that we sponsor and we need to reduce this list because of increasing costs. If you would like to continue to receive a "hard copy" of any of our schedules and/or bulletins please let us know. We would prefer to send all bulletins via email if you provide us with an address. You may call, write, email or attend any event to stay on our list. If we do not hear from you or you have never attended one of our events your name will be removed from our list, which we hate to do.
